Comments?

- I enjoyed the morning sessions hearing about the variety of Village halls in our area less input in the afternoon but more depth. Perhaps could have a market place approach with agencies displaying information rather than too many presentations.
- Necessary for initial contacts
- Great to hear different ideas from so many committees

How appropriate was the length of the meeting?

Just right

Too long

Too short

How long would you like them to be in the future?

- 10 -3.30 is good but don't need to cover so much. I would have liked more time on Funder Finder fro example. This felt a bit rushed but would have been useful.
- About the same 4-5 hours is just right and allows time for travel
